The Pacific R. R. Bill in Congress The long-talked of measure, the Pacifi Railroad, has at length begun to figure prom inently in Congressional proceedings and i political platforms. A vigorous effort is t be made this session in behalf of the Centra or Missouri route, and an extensive combins tion has been entered into to give it success Those concerned would seem to entertain no doubt of the practicability of that route which, taking the reports of the engineers show that the most formidable difficulties tion, in the shape of public lands, is applied for in aid of the enterprise. An intelligent correspondent of the Albany (New York)

the present session of Congress, and indeed, year, ending June 30, 1856, are:
also a rather delicate one, is the Pacific Rail- Actual income first quarter. - \$21,925,431 road. I have taken the pains to examine Estimated for other three quarthe proceedings had at the last session, on this subject, and find that a bill introduced by Mr. And balance in Treasury as Kennett, of Missouri, for which a substitute above, was reported by the committee on Public Lands, to whom the bill was referred, is now before the House pending a motion to recom-mit. As the business of last session is to be taken up precisely where it was left off, the Estima. other qrs., 51,836,300

the Burlington and Missouri River Railroad Company; the Philadelphia, Fort Wayne and Platte River Air-line Company; the Mississip-pi and Missouri Company; the Iowa Central Air-line Railroad Company; the Dubuque and Pacific Railroad Company, and the Northern Iowa and Minnesota Railroad Company of the State of London Railroad Company of the London Railroad Company the State of Iowa; each of these corporations being authorized to extend their several tions asked for, roads, with grants of land to each, to a point of junction near Fort Kearney, and not south of the same, as may be agreed on by the several corporations, after an actual survey. From this point a trunk-line, between the thirty-eighth and forty-fourth degrees of north lati-tude, to the Pacific, with branches to Marys-Tuly 1, 1858, to beextended by the companies conjointly.
"It will readily be seen that this combina-

tion embraces a powerful interest, and will command an extensive lobby influence. The Republicans are pledged to the road, and the ocrats, though not pledged, will, doubtess, favor its construction, if it can be done without a conflict with the Democratic doctrine in reference to internal improvements.

it does from the Herald, that would impress one very forcibly with the idea that a dissolution had taken place; that there was a deceased organization to look after.
